### LA STORIA DEL PROGETTO e LE TESTIMONIANZE

Il tempo passa veloce, i piccoli di allora sono diventati a poco a poco ragazzi.  
A causa delle condizioni ambientali e sociali non tutti portano a termine gli studi,  
ma per coloro che lasciano ci sono altri piccoli che li sostituiscono,  
e tanti altri bambini disagiati che hanno bisogno di aiuto per crescere.

Dear the family of Poletti,

Warm and sincere regards from my family of Mrs/Mr. Tommy Kuma. I Deogratias Okello am doing quite good and I hope you too by the Grace of God you are also doing quite well. And some of my photos are there for you.

I completed my secondary education in November 2009 and I cannot wait to undertake my philosophical studies in September 2010 if am admitted but am hopeful by God's will, all will go through perfect as I expect. Though I kindly ask of you a little favour to continue praying for me as I also pray for you because without God's guidance, this is a vocation hard to achieve by man's own wish.

Humbly Poletti, I appreciate what your family has done for me and is still continuing to offer. Thank you very much for the educational support through helping my family with the school fees as well as spiritual support by always praying for me and my family. For that educational and spiritual morale, am proud and grateful and I will do my best not to disappoint and ask God to abundantly bless you and all your projects so that they may rise to prosperity. My kind request from you is to provide me a laptop to ease my next course of studies and it will be to my happiness if my humble request is granted. For this I will be very grateful and may God bless you.

With smiles Poletti, I hope to see you by the Grace of God one day. Once again, greetings to every one and tell them that Deogratias Okello loves them all. May the care, love, kindness and blessings of our Lord be with you always.
